Re: RKS Plumbing & Mechanical, Inc.

Hunter Contracting has worked with RKS Plumbing for the past 16 years. They have successfully completed over 100 contracts.

RKS Plumbing's revenues have grown along with their project size capabilities. RKS leadership's philosophy of "get it done right" has made them our number one choice for all our plumbing needs. RKS values safety, integrity, quality and is committed to meeting all the project expectations. They have also demonstrated their ability to meet aggressive project schedules.

I recommend RKS Plumbing and Mechanical, Inc.

Sincerely,

Steven M Padilla
President
